Subject: S004695

Dear Mr. Contreras:

As per our phone conversation of March 9, 2009, I have just received the "Report of License" form 2006-2008, for License #A020041. After receiving this form I realized that I did not remember recently receiving a Statement of Diversion and Water Use for our main reservoir. The application ID for the reservoir is #S004695. While the forms for A020041 were being sent to our mailing address: P. O. Box 281, Copperopolis, CA 95228; the forms for S004695 were evidently still being sent to our physical address at 75 Rock Creek Rd, Copperopolis, CA 95228. In the late 1990's there was a new postmaster assigned to our area and any mail which was addressed to our physical address was returned. PLEASE change the address in your files for S004695 to: P.O. *complete* Box 281, Copperopolis, CA 95228. Can you also please send me a Supplemental Statement of Diversion and use for any missing years, and I will fill them out to the best of my ability. I would also very much appreciate a copy of the last statement, I sent in for S004695.

Thank you for your anticipated cooperation.

Sincerely,

Jon Janofsky

SUPPLEMENTAL STATEMENT OF WATER DIVERSION AND USE

If the information below is inaccurate, please line it out in red and provide current information.
Notify this office if ownership or address changes occur during the coming year.

PLEASE COMPLETE AND RETURN THIS FORM BY JULY 1, 2000

PARCEL NO:

- A. Water is used under: Riparian claim _____ Pre 1914 right X Other (explain): _____
- B. Year of first use (Please provide if missing above) _____
- C. Amount of Use - Enter the amount of water used each month. If monthly and annual use are not known, check the months in which water was used.

Amounts below are:													Total Annual
Year	Jan	Feb	Mar	Apr	May	June	July	Aug	Sept	Oct	Nov	Dec	
1997													
1998													
1999													

WATER IS USED CONTINUALLY -

- D. Purpose of Use - Specify number of acres irrigated, stock watered, persons served, etc.

Irrigation _____ acres; Stockwatering _____; Domestic 1 HOUSE

Other (specify) AQUACULTURE FACILITY + USUALLY USED A FEW TIMES A YEAR FOR FIRE FIGHTING OPERATIONS

- E. Changes in Method of Diversion - Describe any changes in your project since your previous statement was filed. (New pump, enlarged diversion dam, location of diversion, etc.)

NO CHANGES

- F. Please answer only those questions below which are applicable to your project.

1. Conservation of water

- a. Are you now employing water conservation efforts? YES ___ NO X
Describe any water conservation efforts you have initiated: _____

- b. If credit toward beneficial use of water under claimed pre 1914 appropriative water right for water not used due to a conservation effort is claimed under section 1011 of the Water Code, please show the amounts of water conserved:

Reductions in Diversions:

19 _____ (af/mg) 19 _____ (af/mg) 19 _____ (af/mg)

Reductions in consumptive use:

19 _____ (af/mg) 19 _____ (af/mg) 19 _____ (af/mg)

I have data to support the above surface water use reductions due to conservation efforts. YES ___ NO ___

2. Water quality and wastewater reclamation

- a. Are you now or have you been using reclaimed water from a wastewater treatment facility, desalination facility or water polluted by waste to a degree which unreasonably affects such water for other beneficial uses? YES _____ NO X
- b. If credit toward use under a claimed pre 1914 appropriative water right through substitution of reclaimed water, desalinated water or polluted water in lieu of appropriated water is claimed under section 1010 of the Water Code, please show amounts of reduced diversions and amounts of reclaimed water used:

19 _____ (af/mg) 19 _____ (af/mg) 19 _____ (af/mg)
I have data to support the above surface water use reductions due to wastewater reclamation. YES ___ NO ___

3. Conjunctive use of surface water and groundwater

- a. Are you now using groundwater in lieu of surface water? YES _____ NO X
- b. If credit toward use under a claimed pre 1914 appropriative right through substitution of groundwater in lieu of appropriated water is claimed under section 1011.5 of the Water Code, please show the amounts of groundwater used:

19 _____ (af/mg) 19 _____ (af/mg) 19 _____ (af/mg)
I have data to support the above surface water use reductions due to conjunctive use efforts. YES ___ NO ___

I understand that it may be necessary to document the water savings claimed in "F." above if credit under Water Code sections 1010 and 1011 is sought in the future.

I declare that the information in this report is true to the best of my knowledge and belief.

ITEM CONTINUATION

GENERAL INFORMATION PERTAINING TO WATER RIGHTS IN CALIFORNIA

There are two principal types of surface water rights in California. They are riparian and appropriative rights.

A riparian right enables an owner of land bordering a natural lake or stream to take and use water on his riparian land. Riparian land must be in the same watershed as the water source and must never have been severed from the sources of supply by an intervening parcel without reservation of the riparian right to the severed parcel. Generally, a riparian water user must share the water supply with other riparian users. Riparian rights may be used to divert the natural flow of a stream but may not be used to store water for later use or divert water which originates in a different watershed, water previously stored by others, return flows from use of groundwater, or other "foreign" water to the natural stream system.

An appropriative right is required for use of water on nonriparian land and for storage of water. Generally, appropriative rights may be exercised only when there is a surplus not needed by riparian water users. Since 1914, new appropriators have been required to obtain a permit and license from the State. Appropriative rights can be granted to waters "foreign" to the natural stream system.

Statements of Water Diversion and Use must be filed by riparian and pre 1914 appropriative water users as set forth in Water Code section 5100 with specific exceptions. The filing of a statement (1) provides a record of water use, (2) enables the State to notify such users if someone proposes a new appropriation upstream from their diversions, and (3) assists the State to determine if additional water is available for future appropriators.

The above discussion is provided for general information. For more specific information concerning water rights, please contact an attorney or write to this office. We have several pamphlets available. They include: (1) Statements of Water Diversion and Use, (2) Information Pertaining to Water Rights in California, and (3) Appropriation of Water in California.

Dear Mr. Byars,

As per our phone conversation of 10-15-1992, here is a copy of the letter from CCWD to your office stating the transfer of the property and water rights to my wife and I.

Evidently forms were only sent regarding the lower pond (license #9752) and I was not aware till recently that there were two separate forms required for the water rights involved. Please send me a copy of the transfer when completed.

If you have any questions please call me at (209) 467-4431.

Thank You

STATEMENT OF WATER DIVERSION AND USE

This statement should be typewritten or legibly written in ink.

- A. Name of person diverting water Calaveras County Water District
Address P. O. Box 846, San Andreas, California 95249
- B. Name of body of water at point of diversion Penny Creek
Tributary to Stanislaus River
- C. Place of diversion NW 1/4 Section 34, Township 2N, Range 12E, MD B&M, Calaveras County, or locate it on sketch of section grid on reverse side with regard to section lines or prominent local landmarks.
- D. Name of works Copperopolis Dam
- E. Capacity of diversion works 5,000 ~~gallons per minute~~
Capacity of storage reservoir 215.25 ~~acre-feet~~
State quantity of water used each month in gallons or acre-feet
- | Year | Jan. | Feb. | Mar. | Apr. | May | June | July | Aug. | Sept. | Oct. | Nov. | Dec. | Total Annual |
|------|------|------|------|------|-------|-------|-------|-------|-------|-------|------|------|--------------|
| 1968 | .74' | .52' | .55' | .78' | 1.64' | 2.18' | 2.22' | 2.55' | 1.98' | 1.21' | .97' | .73' | 16.07 |
- If monthly and annual use are not known, check months in which water was used. State extent of use in units, such as acres of each crop irrigated, average number of persons served, number of stock watered, etc. 100 persons served
- Maximum annual water use in recent years 18.77 ~~acre-feet~~
Minimum annual water use in recent years 13.94 ~~acre-feet~~
Type of diversion facility: gravity , pump X
Method of measurement: weir , flume , electric power meter , water meter X, estimate
- F. Purpose of use (what water is being used for) Domestic
- G. General description or location of place of use (use sketch of section grid on reverse side if you desire) Townsite of Copperopolis
- H. Year of first use as nearly as known 1911
- I. Name of person filing statement T. Stanley Edwards
Position Secretary-Manager Organization Calaveras County Water District
Address P. O. Box 846, San Andreas, California 95249
